2 Scene of the Crime

I'm a hot cat slinking down the alley way / Gonna go hungry 'til I find my prey / Laid my wires and set my trap / I'm waiting here, baby, 'til you come on back / Man on a mission / Under suspicion / Fill my prescription / I'm moving for the kill / • Chorus: I must be crazy out of my mind / Returning to the scene of the crime / I know what I'm hoping to find / Returning to the scene of the crime / Oh, oh, oh yeah / Whoa • Little black widow, you pulled me in / Now I'm running wild on adrenaline / Aiming for you hot on your track / My heart goes beatin' rat-a-tat-tat / Reckless ambition / Chronic condition / No inhibition / Our twisted therapy • (Chorus) • Wonderful honeymoon / The smell of your sweet perfume / Takes me so far away / To our wild escapade / Our lovers' serenade / We play our kinky game / And work it, masterful / Love how you dress me up / All laced up in lust / In patrolman uniform / I'm going to need you to slow down / Hey, officer, I swear I have an alibi / • Chorus: I must be crazy out of my mind / Returning to the scene of the crime (yeah) / Scene of the crime (yeah) / Scene of the crime (yeah) / Uh ✨

3 Shout About It

It's time we make a stand / Against the sham that rocks our land / United for eternity / We're gonna have to shout about it • Hey, my friend / You say you wanna change the world / And I've been meaning to ask you / How you'll make it right / Hey, my friend / You say you wanna cool the world / Flying your jet through the wild blue yonder / Save me from your bull shit again / I can't tell what you really believe / It's not okay with you when we disagree / If actions speak louder than words / There's your hypocrisy • Chorus: It's time we make a stand / Against the sham that rocks our land / United for eternity / We're gonna have to shout about it / For our camaraderie / For all we can achieve / United for eternity / We're gonna have to shout about it • Hey, my friend / Don't pretend to protect the world / We're depending on you / To put up a fight / You wear a sly disguise / Of what you believe / Your promise rings so untrue / Until we rise and wake up again / For all humanity • Chorus: Draw a line in the sand / Against the sham that rocks our land / United for eternity / We're gonna have to shout about it / For our camaraderie / For all we can achieve / United for eternity / We're gonna have to shout about it / Shout! ✨

Despite living halfway across the country from one other, the shared musical curiosity and collaborative energy between Tom & Joe Beier ("Buy-er") unearthed more than enough enthusiasm to propel them toward completion of their first album together. With an abundance of ideas conjured via old-school basement jams, the duo – aptly coined BEIER – debuts with Think Twice, a collection of songs demonstrating both expert polish and all the untarnished exhilaration of a couple kids in a candy store.

Wide-eyed arrangements, splattering guitar acrobatics, super-phat grooves and feral vocal wailing place things in sonic territory ranging anywhere from borderline '80s arena glam to power pop to tried-and-true Minneapolis funk. Touching on love, loss, destiny and quest, the lyrics are candid and upbeat, side-by-side with ambitious, airtight performances. With a multitude of tasty textures and tones to boot, BEIER forges a sound peppered with countless familiar reference points – Steve Vai to Stevie Wonder amid the dizzying turns – all the while remaining fresh, upbeat and even whimsical. It's a positive sound sure to hit home with imaginative music lovers near and far.
